I. An Artist Statement

If you do not have an Artist Statement, please answer the following questions in constructing one.

- What is the theme of your work? (2-3 sentences)
- How does your work reflect these themes?
- Why did you create this work?
- How do you want the audience to react to it?
- How is this work different or how has it grown from previous works?
- What makes your work unique?
- What are your sources or inspirations for these works?
- Who are artists you admire and/or have studied under?
- What awards or accolades have you earned?
- Where have you exhibited your works?

An artist statement should be clear and direct. Refer to yourself in the first person, not as “the artist”.

II. Examples of your work

We would like to receive 2 – 3 examples of your work attached to an e-mail in jpeg form or burned on a CD and mailed to CAE. If you have a web site, examples of your work can be viewed there.

Please e-mail your information with photos of your work attached to ccartcenter@sbcglobal.net
