I. *An Artist Statement*

If you do not have an Artist Statement, please answer the following questions in constructing one.

- What is the theme of your work? (2-3 sentences)
- How does your work reflect these themes?
- Why did you create this work?
- How do you want the audience to react to it?
- How is this work different or how has it grown from previous works?
- What makes your work unique?
- What are your sources or inspirations for these works?
- Who are artists you admire and/or have studied under?
- What awards or accolades have you earned?
- Where have you exhibited your works?

An artist statement should be clear and direct. Refer to yourself in the first person, not as “the artist”.

II. *Examples of your work*

We would like to receive 2 – 3 examples of your work attached to an e-mail in jpeg form or burned on a CD and mailed to CAE. If you have a web site, examples of your work can be viewed there.

Please e-mail your information with photos of your work attached to ccartcenter@sbcglobal.net
